The following article was, in all probability written by a Miss of about forty-five years of age. Read it and ponder it well, O ye bachelor.—Ed. News.

THE BACHELOR.

A bachelor is a sort of whimsical being, which nature never intended to create. He was formed out of the odds and ends of what materials were left after the work was over. Unluckily for him, the finer passions are all mixed up in the composition of those creatures intended for social enjoyments; what remains for the bachelor is hardly enough to rub around the crusty mould into which he is thrown. To avoid waste, some seasoning—that he may not be quite insipid—must be substituted in the stead of more valuable ingredients; so in dame nature, self-love without weight or measure—a kind of understanding, that is fit for no other use—a sprinkling of wisdom which turns to acid, from the sour disposition of the vessel in which it is contained; and the whole composition is concluded with an immoderate portion of oddities. Thus formed, thus finished, a bachelor is popped into the world, mere lumber, without a possibility of being happy himself or essentially contributing to the happiness of others.

His only business is to keep himself quiet. He gets up to lie down and lies down to get up. No tender impressions enliven his waking hours. No agreeable reveries diversify his drowsy slumbers. If ever he speaks the language of sensibility he speaks it on the excellence of some favorite dish, or on the choice liquors with which his cellar abounds. The face of a bachelor is sober. He would hardly mend it to get out of a storm, though the storm was to create a deluge. But show him a woman entitled to the compliment of his hat, and he will shuffle on as if walking for a wager. His house keeper or his landress, he can speak to without reserve; but any other of the sex whose condition is above that of a useful dependent, is his terror.

A coffee house is his sanctum sanctorum against bright eyes and dazzling complexions. Here he lounges out half his days.—At home, he sabbatarily sits down to his unsocial meal; and when his palate is pleased he has no other passion to gratify. "Such is a bachelor—such the life of a bachelor. What becomes of him after death I am not casuist enough to determine.

THE DEAN.—How little do we think of the dead! Their bones lie entombed in all our towns, villages and neighborhoods. The lands they cultivated, the houses they built, the works of their hands are always before us. We travel the same road, walk the same path, sit at the same fireside, sleep in the same room, ride in the same carriage, and dine at the same table; yet seldom remember that those that once occupied these places are gone—alas! for ever! Strange that the living should so soon forget the dead, where the world is so full of the monuments of their lives.

Strange that the fleeting cares of life should so soon rush in and fill the breast, to the exclusion of those so near. To-day, man stands and weeps over the grave of his departed friend; to-morrow, he passes that grave with indifference. To-day, his heart is wrung with all the bitterness of anguish for the loss of one whom he so much loved; to-morrow, the image of that friend is effaced from the heart and almost forgotten. What a commentary upon man!

Says a traveller in Chili:—while I was sitting on the skeleton of a horse's head writing by the blaze of the fire, I saw two girls dressing for the ball. They were standing near a stream of water which was running at the back of the hut. After washing their faces with their hands, and drying them with the lower hem of their only garments, they put on their gowns, and then, twisting up their hair in a very simple, pretty way, they picked, by the light of the moon, some yellow flowers which were growing near them. These they put fresh into their hair, and when this was completed they looked as interesting, and as nicely dressed, as if the carriage was to have

called for them at eleven o'clock." In a few minutes, when I returned to the hall, I was happy to see them each with a partner.

TINCTURE OF ROSES.—Take leaves of the common rose (centifolia) place them without pressing them, in a bottle, pour good spirits upon them, close the bottle, and let it stand until it is required for use. This tincture will keep for years, and yield a perfume little inferior to the otto of roses. A few drops of it will suffice to impregnate the atmosphere of a room with a delicious odor. Common vinegar is greatly improved by a very small quantity being added to it.

Roake's Iodine Liniment.

A SAFE and certain cure for Rheumatism, or either chronic or inflammatory—Paralysis, or loss of the use of the limbs, contractions of cords and muscles, and gout, it matters not of how long standing; sprains, bruises, tumors, hard swellings, and enlarged joints, yield to a few applications of this Liniment. It has been used with incredible success in scrofula or king's evil, enlarged glands, diseases of the spine and hip joints, tic doloureux, and all nervous affections. It is invaluable, and sets like a charm, stopping the bleeding of flesh wounds, and causing them to heal in a few days. It has never been known to fail curing the most stubborn ulcers or fever sores and swelled legs, pain across the kidneys, in the chest, side, also stiff neck, sore throat and croup.

It speedily and effectually eradicates cutaneous eruptions of the skin, in the form of salt rheum, pruritus, pimples, ringworm or tetter. Barber's Itch, scald head, &c. It instantly removes tooth-ache and headache. It extracts the pain and cures corns, bunions, chilblains, &c. Sold by R. J. TAYLOR, Agent for Newport

THE DAILY NEWS.

Newport:

THURSDAY, SEPTEMBER, 9, 1847.

BY O. F. JACKSON, 97-THAMES ST.

MAGNIFICENT BEQUESTS.—Julien Poydras, late of the parish of Pointe Coupee, in Louisiana, bequeathed to several parishes in the state, individuals, orphan asylums and other charitable associations property of immense value. Among the institutions thus aided are the Poydras Orphan Asylum of New Orleans and the Charity Hospital in that city. To the parish of Point Coupee the deceased gave \$30,000—the interest of this sum to be employed in giving a dowry to the girls of said parish who may get married; the unfortunate to be always preferred. Also \$20,000—the interest to be employed towards contributing to an academy or college, to be especially established in the parish. He bequeathed to West Baton Rouge \$30,000—the interest to be employed in giving a dowry to the girls of the parish when they marry. To each of his grand children he gave \$500; to each of his negroes, male and female, large and small, \$10, also large sums to other individuals, amounting to \$30,000 or \$40,000.

In the will, it is said, "independently of some uncultivated lands that belong to me. I am owner of six plantations: of which four are situated in the parish of Pointe Coupee, and two in that of West Baton Rouge. One alone, in the parish of Pointe Coupee, is a sugar plantation; the other five are cotton plantations." On each of the plantations there are a great many slaves who are to be sold at public sale, the purchasers to bind themselves to emancipate the slaves with their increase at the end of twenty-five years from the day of sale. The balance of the estate, after the payment of the legacies, is to be divided among a number of nephews and nieces of the deceased.

Joseph Theodore Bauduc, of New Orleans, and Guy Richard, of Point Coupee, are appointed executors, to settle the estate in five years, each of whom is to receive twenty-five thousand dollars for his services.

The latest letter which has been received at the War Office from General Taylor is dated in August. He acknowledges the reception of the letter which had been addressed to him by the Secretary, for his portrait to be engraved upon the medal which has been voted to him by Congress. The general refers the Secretary to the picture which had been painted of him by Mr. Brown, of Richmond, as containing a correct, perhaps the best, likeness of him.

FREE MASONRY.—Morgan's case was given up long ago, as one upon which we should never possess more light than existed already; but it seems he has come up in Asia Minor. The following is an extract from Sanders' work, entitled, "Shores of the Mediterranean":

"I met at Smyrna with a renegade who had renounced his christian creed, and lives as a Turk. He is a native of the United States of America, by name Morgan, and is charged with having revealed what has resisted the importunities even of the wife, and the cunning of the inquisitive all over the world, namely, the secrets of freemasonry. His life at home was threatened; his credulous countrymen at home believed that he had disappeared in the Falls of Niagara, but he found safety in flight, and is regarded by the Asiatics as a regenerated babe."

A great fight occurred last Monday at Camp Ohio, in which not less than one hundred of the volunteers, country and city engaged. The weapons were clubs, stones, and knuckle bones, and the cause similar to that which led to the rupture between Greece and Troy. Those who witnessed the fight, represent it as being exciting in the extreme, the hostile parties being about equal, and fighting inch to inch! The shouts and uproar might have been heard for a mile, and at times the air was filled with stones, clubs, and all sorts of missiles. Clothes were torn off, eyes blacked, and heads cracked. Some twenty or thirty of the combatants carried bloody evidence of the battle's fierceness, and with it, no doubt, regret their blood has been spilled to do so little profit or honor.

Wool.—The New York Tribune says that a parcel of American wool, and one of foreign, have been returned from Liverpool, and the impression prevails that fleece wool will decline.

"CITY" ITEMS.

To-day the Odd Fellow's celebration comes off, and we expect every thing connected with it will be conducted in a manner that will do credit to the Order—we hope so, at least, for Odd Fellowship has its opposers as well as religion, and every other institution; and those prejudiced against it's members derogatory to the character of any man, and use them as arguments against the Order, when, in fact, Odd Fellows, as an order, deprecate all such conduct.

The procession forms at 10 o'clock, in front of the State House, under the supervision of John W. Davis, Jr., Chief Marshal of the day, assisted by Geo. B. Knowles, Charles Devens, Jr., and Thomas T. Tilley. The procession will move up Broad to Spring street, down Spring to Franklin street, down Franklin to Thames street, up Thames street to the North Baptist Church, where the exercises will consist of an ode, prayer, ode, address, by Arthur McArthur, Esq., ode and benediction. The procession will move to the Ocean House, where an excellent dinner will be provided.

The American Brass Band, of Providence, will be in attendance, and discourse sweet music on this occasion.

The Razor Strop Man is in town, probably to attend the Odd Fellow's Celebration. We heard him hollering under our window "a few more left of the same sort." We heard a good story a few days since, growing out of one of his strops, which we will relate as told to us. A man who had always been in the habit of using a dull razor, and bearing on with all his strength when he shaved, bought a strop when the strop man was here a few days ago, and, after sharpening his razor on it, commenced shaving himself, bearing on to his face as he had been in the habit of doing, and the first thing he knew, he laid open a large gash in his cheek. He slung his razor across the room, and exclaimed, "d—n the thing, I set it too rank."

The steamer Argo made a trip from Warren to Newport yesterday, and brought down about two hundred passengers. She comes down again this morning for the accommodation of those who wish to attend the Odd Fellows celebration.

The Hartford Times says a Texas cucumber has been left at that office, measuring five feet and five inches in length. This story is almost as large as the cucumber is said to be; it's probably true, though.

The steamboat train of cars from Stonington did not reach Boston on Tuesday till 1 o'clock P. M. The delay was occasioned by the detention of the freight train from Providence for Stonington on Monday evening. The train was so heavy that the engine was not of sufficient power to take it through. The last time we went over this road a similar circumstance occurred, though at that time an extra engine was obtained at one of the way stations. More powerful engines should be placed on the road.

BISHOP ORDERDONK.—At the next general Episcopal Convention which convenes this month in New York, efforts will be made by the Bishop's friends to reinstate him to his clerical office, and to the full exercise of the functions of a Bishop.

A woman up in New Hampshire by the name of husband has got nine children, and they together with her husband, makes ten husbands she lives with. A brave woman.

Tonoxro, Sept. 3.—In the course of last night a man was seen on the premises of Mr. Harper, Builder, of this city, where he had been watched by employers of Mr. Harper, for two or three nights previously. The watch had been placed in consequence of Mr. Harper having received letters threatening to burn his house and premises. On his being discovered, he was challenged, and no answer being given, one of the men shot him him down, when matches and combustible materials were found on his person. He proved to be one Somerset, brother-in-law of Harper.

The fuel annually consumed in the United States is estimated at \$100,000,000.

A new shaving soap has been invented, which takes off the beard merely by rubbing the soap on the chin. The only fault, our informant says, it possesses, is, that it takes off the skin too.

Mike Walsh says a lady was told the other day by a travelling gentleman, that in a certain country, every lady who has a small mouth was provided with a husband by the government. "It is pitiful," said the lady, making her mouth as small as she could. The gentleman added, "that if a lady had a large mouth she was provided with two husbands." "My gracious," exclaimed the lady, at the same time throwing her mouth open to its full extent. The gentleman became alarmed, made his escape almost immediately, and has not been heard of since.

The following incident lately occurred at Munich in Bavaria. A child of two years of age, which had been conveyed in its coffin to the burial house, at the moment when it was about to be committed to the grave, was found sitting up in the coffin, gaily amusing itself with the flowers with which the body had been decorated, without appearing disturbed by the unaccustomed scene by which it was surrounded. On being addressed, the child requested to be carried to its mother.

"LOCAL."—On the morning of Commencement day, cries of "murder," "help" &c. were heard issuing from a house in Chapel-street greatly to the alarm of the neighbors, several of whom immediately rushed in to ascertain the cause; when lo! and behold! the lady of the house was discovered with her husband across her lap on, whom she was inflicting a regular *spankado* for some breach of family discipline and who was making the welkin ring at the top of his voice for assistance. —N. H. Reg.

INVALUABLE REMEDIES.—An exchange paper says:

We have no faith in quick remedies, but think it always the safest plan to apply to a regular physician, in all cases of indisposition. There are some remedies, however, for very prevalent disorders, that we have no hesitation in recommending as infallible. Try them.

For sea-sickness: stay at home.
For drunkenness: drink cold water.
For health: rise early.
For accidents: keep out of danger.
To keep out of jail: pay your debts.
To be honest: pay your debts.
To be happy: be honest.
To please all: mind your own business.
To make money: advertise.
To do right: subscribe for a newspaper.
To have a good conscience: pay the printer.

Some cure scolding wives by ducking them, the gentle methods are best. The new mode of rubbing them down with soft soap, and tickling them under the chin with a feather, is much more consonant with the enlightened age in which we live.

RIGHTS OF WOMEN.—We hear, says an exchange, of a petition in circulation in urging that no widow shall be allowed to marry until all the single ladies are disposed of.

THE BANK OF ENGLAND.—The London correspondent of the Boston Atlas says,—"It is rumored that an Order in Council will authorize the Bank of England to suspend cash payments till the meeting of Parliament."

THE FAKIR OF AVA.—This renowned and favorite Magician Young Francisco, will give two of his grand magical festivals at Masonic Hall on this, and to-morrow evenings. The Fakir is pronounced by his own profession, to be the most scientific magician living, we see by his bill he offers a whole host of new wonders, and many of them dedicated to the ladies, and one we see for the Odd Fellows, we wonder if he is a going to say any thing about the goat.

SANDS SERRAPILLA.—This medicine is constantly performing almost incredible cures of diseases arising from impurities of blood. The unfortunate victims of hereditary disease, with swollen glands, contracted sinews and bones half carious, has been restored to health and vigor. The scrofulous patient, covered with ulcers, leathens to himself and to his attendants, has been made whole. Hundreds of persons, who had groined hopelessly for years under cutaneous and glandular disorders, and chronic rheumatism, and many other complaints springing from a derangement of the secretory organs and the circulation, have been raised as it were from the rack of disease, and now, with regenerated constitutions, gladly testify to the efficacy of this inestimable preparation. The testimony of those who have been cured by its use, with their residences, has been published from time to time, and were it desirable, a mass of the most overwhelming testimony could be brought forward proving most conclusively its inestimable value.

Prepared and sold by A. B. & D. SANDS, Druggists, 100 Fulton st. N. Y.

Sold also by Dr. R. R. Hazard and R. J. Taylor, Newport, by J. Russell, Fall River, by C. Dyer, Providence, and by Druggists generally throughout the United States.

Price \$1 per bottle. Six bottles for \$5.

Another life saved by the use of Dr. Wistar's Balsam of wild cherry. The following certificate is from the wife of Mr. Enoch Perry, a very respectable farmer in Oxford County, Maine, and can be relied upon as true in every particular. It was not solicited, but given by the lady, from a sense of duty, feeling that she owed the preservation of her life to Dr. Wistar's Balsam of Wild Cherry.

Rumford, Oxford County, Me., July 22, 1845.
This may certify that I have for a number of years been severely afflicted with the asthma. In October, 1843, I took a violent cold, which produced a very severe cough, which was accompanied with severe pains in my side, and I went through many nights. These had symptoms continued, until I was so much reduced that I was unable to do any work about house, or even walk across the room without assistance. In July, 1844, I was so afflicted with shortness of breath, such great difficulty in breathing, and in such severe pain, that I was unable to lie in bed or sleep for three weeks. One physician who attended me and another who was consulted, both gave me up to die—and they could do no more for me. My friends despaired of my life. I had no hope of myself. I then commenced taking Dr. Wistar's Balsam of Wild Cherry. Before I had taken one bottle, I was able to walk about the house. I continued to take the Balsam until I had taken four bottles, and NOW I AM WELL, free from pain, little or no cough, do my work, keep no help, and have not enjoyed better health for fifteen years.

HYPERION FLUID.—Those who wish for a valuable preparation for the hair, are referred to Mr. Bogle's advertisement in another column. His Hyperion Fluid, it is supposed, will soon supersede most fluids now in use for the hair, as it is a very superior quality.

PROCRASTINATION IS THE THIEF OF TIME.
Delay is dangerous—neglect that Gold and Cough a few weeks and the hope of recovery will be lost to you forever. Let not pecuniary consideration deter you from trying to save your life and health, while there is a chance. Consumption is annually sweeping off thousands to the tomb; no disease has baffled the skill of Physicians like it; no Physician, perhaps, has done more for this large class of suffering humanity, than Dr. Wistar. An ounce of preventative is worth a pound of cure; therefore before your lungs become ulcerated, and so diseased that no human means can save you from an early grave, try in season, try at once, a medicine which has been of such infinite value to thousands—obtain a bottle of Dr. Wistar's Balsam of Wild Cherry, take it, get another, if necessary, persevere in using it, until you have removed this disease entirely, which if neglected will terminate your life. Be not deceived by quacks, with their imitations and counterfeits; buy none but the genuine and original, which is signed I. BUTTS on the wrapper.

Railway's Chinese Medicated Soap is superior to all imported French, Berlin, and other Soaps. Tan, sunburn, pimples, blotches, pustules, ring-worm, salt rheum, erysipelas, rash, scurvy, the bites and stings of mosquitoes, rough and discolored skin, pale and sickly complexion all yields to the curative propensities and beneficial influence of this valuable and delicious emollient. In fact, be the complexion ever so disfigured, or the skin discolored or diseased, Railway's truly excellent medicated soap never fails in rendering the skin soft, smooth, fair, sweet, clear and healthy. Many persons suffer great annoyance during the summer season from the troublesome insects—mosquitoes. Those persons, subject to those annoyances, by applying Railway's soap to such parts of the body as are bitten, it will instantly alleviate the pain, subdue the irritation and instantly remove every vestige of blemish. For general toilet soap it is unequalled, it proves an agreeable perfume, and is entirely free from all poisonous admixtures, or irritating ingredients. It is much cheaper than any other medicated soap, and is acknowledged by thousands to be superior to all others ever offered to the public. No Chinese Medicated Soap is genuine unless signed, R. G. Railway. Be sure to ask for Railway's Soap, and take no other. Sold for 12 1/2 cents per cake, by Dr. R. J. Taylor.

JONES'S SOAP.
Ladies in the country and watering places, See how the sun has burnt your face! Look at your necks—how yellow, dark with tan! Why, 'twill repulse the love of any man! Those freckles, too, you know they'd quickly fly! If Jones's Soap you'd use; come once—do try—It costs but fifty cents, and I am told It's worth, ay, doubly worth its weight in gold. Persons who have had no faith in it, have been astounded at the wonderful effect of Jones's—that is, the genuine Jones's Soap—in purifying the skin. For sale by Dr. R. J. Taylor.

GENUINE BEAR'S OIL.
Highly Perfumed. — Perhaps our ladies and fashionables are not aware that three-quarters of the "Bear's Oil," (so called) with which they anoint their locks, wondering that it does them so little good, is nothing in the world but hog's lard, so highly scented as to escape detection, save on close examination. This, however, is simply the fact, and one that ought to be known. The only safe way is to purchase your Bear's Oil of HENRY JOHNSON, who gets it direct from Canada and the North Western Territory, and who never sells an ounce until he knows it to be genuine. The Real Bear's Oil is a wonderful beautifier and strengthener of the hair, and should be used by every one desirous of beautiful locks.

Dr. E. W. Vandersmith's INDIAN COUGH
BALM and LUNG BALSAM.

READ.

White Plains, April 20, 1847.

THIS is to certify that I have been afflicted for
five years with a cough, pain in the chest, night
sweats, difficulty in breathing, etc., and I also
expectorated a large quantity of frothy matter and
blood, from which I was reduced to a perfect
skeleton. My throat was very much ulcerated. I
had twice caustic applied to my throat twice a
week, but received no benefit; I have used one
hundred different kinds of Patent Medicines, re-
commended by my friends, but all to no purpose.
A friend of mine, Mr. Willard, whose lungs had
been afflicted for two years, was cured by Dr.
Vandersmith's Medicine. He insisted upon my
trying Dr. V. and I did so. After I had used his
medicine 15 days, I expectorated large quantities
of yellow frothy matter, my chest expanded, and
my difficulty in breathing subsided. I persevered
with his medicine, and the result has been, I am
perfectly cured of all my sickness. I recommend
every consumptive to try Dr. V.'s medicine. I am
confident it will cure you. Your sincere friend,
EDWARD C. THOMPSON.

Sworn before me this 21st day of April, 1847.

Explanation of the Lung.

New York, June 19, 1847.

Dr. Vandersmith—I have been subject to a
cough, pain in the chest, difficulty of breathing,
&c., for many years past. About four months
ago I took a severe cold, which settled on my
lungs. I was unable to attend to my business
during the day. I would have dreadful coughing
spells, that I thought it was impossible for me to
survive unless I could get relief. The excessive
night sweats had reduced my whole body to a
skeleton. I expectorated white frothy mucus,
in fact, should I give the full particulars of my
case, it would be almost incredible. I was recom-
mended to try Dr. Vandersmith's Indian Cough
Balm and Lung Balm. I consented; when I
used it about one week, my cough decreased
considerably, which gave me great hopes. I con-
tinued with the medicine according to directions,
and the result has been that I am restored to health,
a blessing that I have not enjoyed for years, until
the present. I sincerely believe had I not made
use of Dr. Vandersmith's invaluable medicine,
that I would be mouldering in the silent grave.
Therefore I believe that I am doing nothing but
what is justice, in stating the above facts, so that
you may show it to all the afflicted who may call
upon you to administer to them. I shall be
pleased at any time to converse with the afflicted
who are open to me. Your grateful patient and
friend,
JAMES B. HENDERSON.

Consumption.

Staten Island, June 10, 1847.

Dear Sir—I take great pleasure in giving you
my cordials, for last December I was attacked with
a severe cough, pain in my left side, loss of appe-
tite, an occasional raising of white and yellow mu-
cus. Some days I raised a half-pint of mucus,
streaked with blood. I have been under the treat-
ment of several physicians, I was recommended
by Dr. Mitchell of Philadelphia, to use a Breathing
tube. I purchased one, I only made use of it one
week, &c. the cause of bringing on a hemor-
rhage of the lungs, which reduced me so much that
I was unable to sit up, my voice was entirely de-
stroyed. It was difficult for persons to understand
me. I saw Dr. Vandersmith's Medicine recom-
mended very strongly by a patient whom he had
cured. I sent for half a dozen bottles. I received
great benefit from that, which induced me to pur-
chase a dozen more bottles, I took according to the di-
rections, and I cured me perfectly sound.

Very Respectfully,
ROBERT WILLSEY.

The American Improved Hygienic Vegetable
Medicine.

SAFE, CHEAP AND EFFECTIVE.

THIS medicine makes no pretensions to miracu-
lous powers, the raising of the dead, or to in-
crease and strengthen the daily and hourly ac-
tion of the most approved method of the times; but
bases all its claims upon plain common sense, prin-
ciples, as a simple aid to nature in restoring the
human system to its proper tone and action, when
by careless and unavailing circumstances it has
become deranged or debilitated, and asks simply a
faithful and as a test of its curative properties.
During the last twenty years it has worked its
way into extensive use, nearly upon its own merits,
by communication from individual to individual,
not having been advertised for more than twelve
years till within the past few months—save occa-
sionally in a journal of which the present prop-
rietor is Editor. The increasing demand, however,
has necessarily compelled greater attention to its
business, and agencies are now being established
throughout the country.

A faithful trial of a half dollar or dollar pack-
age is almost certain to secure use in every family
where it is introduced, where medicine is needed.
The undersigned has used it in his own family for
more than fifteen years—has knowledge of its ap-
proved use in many others, (for periods varying
from months to fifteen or sixteen years,) as their
only medicine, and knows it to be valuable in most
of the complaints incident to the human system.
But a long or extravagant commendation is not
designed or needed here. Ten thousand more as-
sertions in its favor will not make it valuable, or
satisfy reasonable persons without a trial; for the
proof, after all, must lie in the use of it. Try it,
then. Read, try, and then judge.

taining valuable testimonials, may be had gratui-

Bogle's Hyperion Fluid; Or Vegetable Hair
Composition.

THE subscriber has been induced to bring this
article before the public, at the request of his nu-
merous customers, among whom are physicians
and citizens of the first respectability, who have
adopted its use in their families, and wish others to
participate in its advantages.
The Hyperion is composed of vegetable ingredi-
ents, the secret of compounding and blending which
is known solely to the subscriber. It is an arti-
cle in which a cleansing and purifying wash is
beautifully blended with a most delicate, silky and
glossy moisture never before attained, yet free of
animal grease or essential oils. It clears the pores
of the skin, causes a healthy action in the blood
vessels, nerves, &c., which feed the hair, thereby
preventing BALDNESS AND GRAY HAIR.
It entirely frees the skin from Scurf, Dandruff,
and other cutaneous disorders, disposes the hair to
curl, and changes the harshest hair into the most
soft, glossy, and healthy state, also imparts to it
a darker color, and the free use of it, both on the
skin and hair, in a most healthy and luxuriant
state until the latest period of life.

Ladies will find the Hyperion a great addition to
the toilet, both on account of its delicate and agree-
able perfume, and the great facilities it affords in
dressing the hair, which, when moist with the fluid,
can be dressed in any required form, so as to
preserve its place, whether plain or in curls.
When used on children's heads, it lays the fluff-
y hair of a good head of hair.

DR. BANNING'S PATENT LACE

An immediate Relief to Incipient Consumption, the
Bronchitis of Public Speakers, Palpitation
of the heart, Dyspepsia, Spinal Weak-
ness, Piles, Protrusion, and Diseases
of Women, without Medicines.

THIS instrument has been examined by Drs.
Mott, Rodgers, Francis, and Griscom of New
York; the faculty of Pittsburgh, Hartford, New
Haven and Middletown, and has obtained for itself
their favorable testimony. The following will
show what kind of testimony might be produced
in many cases:

Middletown, June 25th, 1843.

Dr. Boardman,
Sir—In answer to your inquiry respecting my
case, I will merely say, that I have been sick since
I strained my breast and loins in May, 1836; from
that time continued to grow worse, when in the
fall of '39, I abandoned business, and have not
done any thing since. I suppose from all I could
learn about my case—frequently raising blood,
coughing very hard and expectorating profusely,
depriving me of benefit from my physicians, and all
medicines recommended to me, that my case was
hopeless. Last winter my brother told me he had
heard a good account of Dr. Banning's Lace in
such cases, and was anxious that I should try it;
accordingly I procured one from you, and since I
began to wear it, my breathing, which was very
short and laborious, has become easy and natural;
the pain and fluttering or palpitation of the heart
has subsided; cough and expectoration greatly
lessened, my limbs which were exceedingly pain-
ful have become useful, so that I can walk com-
fortably. I am able to shave myself with comfort,
which for many years I have not been able to do.
The piles, which have troubled me for nine years,
are nearly eradicated. I work some in the garden,
and am able to ride 4 miles at once with pleasure
and benefit. Yours, &c. WM. RANNEY.

Dr. G. M. Boardman,

Middletown, June 25, 1843.

Dear Sir—In answer to your inquiries re-
specting the effect of Dr. Banning's Lace in the
case of my wife, I will state that for twenty years
past, she has been afflicted with a complication of
complaints to which females are subject. She has
tried all the physicians and all the medicines re-
commended for such complaints, without regard to
expense, and found only temporary relief. Her
most distressing complaints, palpitation of the
heart, oppression and a sense of great weight at
the pit of the stomach, protrusion of the womb, &c.,
were believed after wearing the lace two hours, and
she has continued to improve daily. With this
view of the case I cannot use language strong
enough to convey my approval of the instrument.
aug. 20th STEPHEN BROOKS, JR.

Providence, Feb. 26, 1846.

Doctor Boardman,—Dear Sir—I now take my
pen to inform you that my wife's health has im-
proved very fast for the last two weeks from wear-
ing one of your Laces. She has been out of health
about two years and has worn a different Support-
er from yours, which had only two pads. She re-
ceived some benefit from that—but it would not
produce a cure. But now I can say with pleasure
that she is as spry as any of the young girls in the
neighborhood. She can now run up and down
stairs as fast as I can, and I feel so well pleased
with it that I hardly know how to write.
But one thing I do now, that she has been under
the care of seven Doctors in one year—and wear-
ing your Lace two weeks has or will do the cure
to a very short time. I want to write more, but I
have no time. I am truly, your friend and well
wisher.

Doctor Boardman, proprietor of Banning's cele-
brated Patent Lace Brace, for this state, has taken
rooms at No. 8, Broad street, where he may be con-
sulted, free of charge. He is enabled to treat suc-
cessfully, cases of Rheumatism, Neuralgia, Head-
aches, Deafness, loss of Voice, Bronchitis, Weak-
ness and curvatures of the spine, and chronic dis-
eases generally. He is enabled to refer to num-
erous cases in Providence, and this town. aug 28

MR. ABRAHAM VANDERBEEK, of 98 Av-
enue D., New York, certifies that his head
was entirely bald on the top, and by the use of
two 3s. bottles of Jones' Coral Hair Restorative,
he has a good crop of hair, and will soon have it
long and thick.

Mr. William Jackson, of 80 Liberty street, Pitts-
burgh, Pa., certifies: On the 3d of February,
1847, that Mr. Thomas Jackson's head, on the
top, was entirely bald for 15 years, and that by
using two 3s. bottles of Jones' Coral Hair Restor-
ative, the hair is growing fast and thick, and will
soon be entirely restored.

Gray Heads! Gray Heads! Read—I hereby
certify that my hair was turning gray, and that
since I have used Jones' Coral Hair Restorative,
it has entirely ceased falling—is growing fast, and
has a fine dark look. Before I used Jones' Coral
Hair Restorative, I combed out handfuls of hair
daily. WM. TOMPKINS, 92 King-st., N. Y.

Mr. Power, a grocer of Fulton-st., had his hair
choked up with dandruff, and Jones' Hair Restor-
ative entirely cured it.

Do you want to dress, beautify, and make your
hair soft and fine? Read—I, Henry E. Cullen,
late barber on board the steamboat South Ameri-
ca, do certify that Jones' Coral Hair Restorative
is the best article I ever used for dressing, soften-
ing, cleansing and keeping the hair a long time
in order; all my customers preferred it to any
thing else.

TO THE LADIES IN PARTICULAR.

MY DEPHILATORY POWDER has been
found highly beneficial and of great use to la-
dies who have been afflicted with superfluous hair,
principally when its growth has been confined to
the upper lip and side of the face, giving a mascu-
line turn to the whole features. When used with
proper care, and according to the directions, it will
be found to be a great addition to the toilet, as the
use of any sharp instrument is entirely avoided,
and the hair is removed in five or ten minutes af-
ter its application.

This composition is infallible, and warranted to
remove superfluous hair. After numerous trials, I
have received certificates of success which cannot
be contested. For sale, wholesale and retail, at

IT is now about ten years since this medicine has
been introduced to the public, and it stands unri-
valled in its effects, bearing the test of the severe
scrutiny of all classes, both friendly and unfriendly.
It is but for one purpose;—for the use of Mothers
who have to pass through a sea of affliction in
giving birth to mankind, not to be described. It
is to you we make an appeal. It is for your es-
pecial and general good that you should make use
of one bottle of the MOTHER'S RELIEF before
confinement. Then you can approach the par-
turbent chamber without feeling as if you were go-
ing to the chamber of death. You may rest as-
sured it will still all fertile and nervous affection.
It soothes and shields from irritation and by its
peculiar properties it destroys the cause of her-
norrhage or inflammation that so often attend and
follow the hour of parturition. It causes sweet
and natural rest, and at last facilitates the birth,
so that Mothers have not to pass through such
excruciating pain and distress. The Mother's Re-
lief may be depended upon in all cases of threat-
ening abortion where it is possible to be prevented
in cases of Spasms, &c., causing frequent alarm,
from two to three doses will give immediate relief.

As the subject is one that cannot with propriety
be fully discussed in this public manner, we invite
all who feel interested to call on our agents (most
of the respectable Druggists in the United States,) or
on the manufacturer, and they will be furnished
with a pamphlet in which they will find all the
facts to form a correct opinion of its merits, and
also the opinions of many physicians of eminence,
and of persons who have become acquainted with
its beneficial effects.

CAUTION TO PURCHASERS.—Ask for Dr.
Ranney's Mother's Relief. None is genuine un-
less our signatures are found within the wreath
of the direction that is pasted on the bottle, signed
with our own hand, and over the neck of the
bottle is a facsimile of our own hand writing also.

By attending to the above directions, no one need
be imposed upon. All orders will be promptly
attended to. DR. G. A. BARTHOLOMEW,

Miracle.

ON the 4th of August, in the year 1813, a sin-
gular scene occurred in the Royal Scientific In-
stitution of France. The aged, white-headed
President, his head bare, his arms outstretched, his
face radiant with smiles, (for science was triumphant,
) and his voice with gratulatory tone, delivered
the following report:

"We are astounded at this singular preparation.
Where indeed will science stop! Here we have
a preparation made in the form of a beautiful piece
of soap, which we know by actual practice, to
cure every cutaneous eruption, every disfigure-
ment of, and even discolored skin! Where will
its magic and singular power cease? The Negro,
the Creole, the Yellow Race of the East, and the
Red Man of the West, are alike under the in-
fluence of its extraordinary powers of clearing yellow
or discolored skin, and making it white and
beautiful, and of changing the color of dark, or
black, or brown skin." (Here several persons
were brought forward by the President, who had
used it, in proof of his assertion.)

There are probably few persons of intelligence,
who, after reading the above, will doubt the qual-
ities of JONES' ITALIAN CHEMICAL SOAP,
in curing Pimples, Blisters, Salt Rheum, Scoury,
Erysipelas, Sore Heads, Old Sores, Beard
and Barber's Itch, Chapped and Tender Flesh, Freck-
les, Tan, Sunburn, and changing dark sunburn or
yellow skin to a pure, clear white, as smooth and
soft as an Infant's, and in fact every kind of erup-
tion and disfigurement. Read these certificates:
[From the N. O. Sentinel, Oct. 1844.]
One of our subscribers, Mr. H. Leonard, in-
forms that he has been cured of old, scaly Salt
Rheum, of eighteen years standing, on his head,
fingers and hands, by a cake of an article much
advised lately—we speak of Jones' Italian
Chemical Soap. He also informs us that he has
tried its effects on his female slave Rose, much
marked with sun spots, and he found in two
weeks her skin much clearer and whiter.

James Eltham, a painter in Jersey City, was
cured of carbuncles and pimples, which he was
afflicted with for many years, by part of a cake of
Jones' Italian Chemical Soap.

Persons in purchasing this must always ask for
Jones' Italian Chemical Soap; and perhaps, as
many who have been cheated with counterfeits,
we say to such, try this once—you will not regret
it; but always see that the name of T. JONES
is on the wrapper. For sale in Newport by
